MultiLine for Microsoft Teams Date Release Notes

Deployment Date: September 16, 2023

What's New?

- **Visual Experience Improvements:** We refined graphical elements, making the interface more visually appealing and user friendly.
 - **Grouped Notifications:** We improved the notification experience by grouping them, helping users stay informed without feeling overwhelmed.
 - Companies can now enable or disable MultiLine Desktop for an organization without disabling MultiLine Messaging for Microsoft Teams, so the permissions can be granted independently according to company needs.
 - **Stability Fixes:** We squashed bugs and fine-tuned performance to provide a more stable and reliable app.
